FEINDEF 25

The International Defence and Security Exhibition of Spain, FEINDEF, organised by the **Feindef Foundation**, is the only Defence and Security sector exhibition in Spain with the **institutional support of the Ministry of Defence**.

FEINDEF is positioned as an outstanding showcase that offers Spanish companies the opportunity to present their capabilities and solutions to the challenges of the international defence market, and the Spanish Armed Forces a place to showcase themselves to the world. This event not only facilitates unprecedented access to this new landscape, but also strengthens the implementation of **collaborative research initiatives, drives innovation, develops capacity, fosters investment in the European defence supply chain and contributes to the overall advancement of the industry**.

Furthermore, in our **firm commitment to international projection**, we focus our efforts on attracting a greater number of foreign companies and delegations at each edition, providing a solid platform for the expansion of our industry within and beyond our borders, and turning FEINDEF into the leading international meeting point in the sector.

Conferences and activities

Through cycles of **conferences, workshops and round tables** led by leading experts and authorities, FEINDEF 25 will address the latest trends in crucial areas such as cyberdefence and cybersecurity, the circular economy, energy efficiency and sustainability, smart logistics bases, disruptive technologies and the **essential role of women in the defence and security industry**.

Innova for Def & Sec

A differentiating factor of the defence industry is its innate and permanent commitment to innovation as its raison d'être. This only emphasises its commitment to research and development, relevant aspects for the progress of the different regions of the country and for the generation of highly qualified employment.

Innova for Def & Sec is the space where co-creation finds a catalyst to develop **disruptive innovation**.

A space open to the main technologies which, by connecting the different global stakeholders, becomes the leading **Defence and Security entrepreneurial ecosystem** in the field of open innovation and the promotion of the development of specialised talent for dual-use solutions and technologies, which will revolve around the enabling technologies that will allow the transformation of Bases and Arsenal 4.0.

FEINDEF will hold its 4th edition on **May 12, 13 and 14 2025** with the incorporation of an additional hall and a total surface area of 50,000 m².

Institutional support

The International Defence and Security Exhibition of Spain, FEINDEF, organised by Feindef Foundation, is the only exhibition in the Defence and Security sector with the institutional support of the Ministry of Defence.

In each edition, this support is joined by international institutions and organisations such as:

- The **European Union**
- The **Ministry of Foreign Affairs, European Union and Cooperation.**
- The **Ministry of the Interior**, including the participation of the **Guardia Civil**, the **National Police** and **Civil Protection.**
- The **Ministry of Industry and Tourism.**
- The **Ministry of Economy, Trade and Enterprise.**
- The **Ministry of Science, Innovation and Universities.**
- Other organisations and entities belonging to the aforementioned ministries such as the **CNI, INTA, INCIBE, ENISA, ICEX and CDTI.**

Promoting Defence and Security culture as a driver of innovation

The Feindef Foundation is a private, non-profit foundation that promotes awareness in Spanish and European society on issues related to Security and Defence, publicising its importance and commitment to scientific and technical research and innovation as a driving force for economic and technological development and social integration.

Our quest for excellence and innovation motivates us to promote public-private collaboration, providing specialised advice and comprehensive support in projects aimed at strengthening the technological base of the defence industry in order to boost its competitiveness at national and international level.

The Feindef Foundation was created in 2020 with the appointment of Julián García Vargas as Chairman and with the aim of promoting the Spanish defence and security industry and fostering its international growth. Founded by the Ministry of Defence and the industrial associations TEDAE and AESMIDE, Julián García Vargas undertook his commitment to make the Feindef Foundation a true instrument that would allow the Spanish Defence and Security industry to occupy the place it deserves in Spain and to project an external reputation modernity and innovation in keeping with the reality.
