

## **FEINDEF 25 has already secured participation from more than 200 confirmed exhibitors and over 50% of the space occupied, with fourteen months remaining until the celebration of its fourth edition**

- 20% of the sold stands are international, representing countries such as Italy, the United States, France, the Czech Republic, Germany, Japan, Sweden, Israel, Norway, Serbia, Portugal, Romania or Bulgaria.
- The fourth edition of FEINDEF will feature over 50,000 square meters of exhibition space across three halls at IFEMA, a 30% increase compared to the previous edition.
- The event will provide access to the international defence market, strengthening collaborative research, driving innovation, investing in the supply chain, and creating a unique defence market.

**Madrid, March 5, 2024. The International Defence & Security Exhibition of Spain, FEINDEF,** announces the reservation of over 50% of the available space for its fourth edition, scheduled for May 12, 13, and 14, 2025, at IFEMA (Madrid). FEINDEF 25 will grant access to the new international defence market, fostering collaborative research, promoting innovation, investing in the supply chain, and establishing a unique defence market.

With fourteen months remaining until the event, 218 companies have already reserved their space, marking a significant commercial milestone. Among these companies, 45 are internationally based, with a presence in previous editions from countries such as Italy, the United States, France, the Czech Republic, Germany, Japan, Sweden, Israel, Norway, Serbia, Portugal, and newcomers Romania and Bulgaria.

Nearly half of the reserved space is represented by leading Spanish defence companies, most of which have increased their contracted area compared to the previous edition, indicating the growing interest FEINDEF holds for the Spanish industrial sector.

### **FEINDEF 25: More Space and International Representation**

The International Defence & Security Exhibition of Spain, FEINDEF, organized by the Feindef Foundation, is the only event in the sector institutionally supported by the Ministry of Defence. It

stands as the most significant Defence and Security event held in Spain, opening its doors to the world and offering new business opportunities.

The fourth edition of FEINDEF will have over 50,000 square meters of exhibition space in three IFEMA halls (30% more than the previous edition) to accommodate the increasing interest from defence and security companies, primarily international ones.

The international scope has become one of the main objectives of FEINDEF 25, aiming to surpass 35% international companies' participation and attract over 100 official delegations.

Furthermore, FEINDEF 25's ambitious activity plan seeks to reaffirm the event as the most important defence and security gathering in Spain by creating a space for generating new networking opportunities among professionals, authorities, official bodies, international delegations, and other key industry players.
